Система при вводе подсказывает возможные варианты поиска (не только созвучные, но и релевантные). **Не вводите** личные имена - названия статей, имена авторов, а также фразы из статьи! Используйте термины, следуйте подсказкам.

2. фильтрация результатов поиска

The screenshot displays the ClinicalKey search interface. At the top, there is a search bar with the text 'Ext' and a 'Search' button. A 'Welcome to ClinicalKey!' message is visible in the top right. Below the search bar, there are tabs for 'Date' and 'Relevance'. The main search results area shows 'Key Results for Extrinsic asthma' with a list of results. The first result is a guideline from NICE, marked with a 'G' icon. The second result is a 'First Consult' article, marked with an 'Fc' icon. On the left side, there is a 'Saved Searches' section and a 'Content Type' filter panel. The filter panel lists various content types with checkboxes and counts: All, Journals (5886), Books (1919), First Consult (37), Guidelines (131), MEDLINE (12659), Drug Monographs (1), Clinical Trials (475), Videos (3), Images (4435), and Patient Education (107). A 'Subscribed Content' section is also visible at the bottom left. On the right side, there are tabs for 'Reading List' and 'Presentation (2)'. Below these, there is a 'Clinical Summary' section with a dropdown arrow and the text 'No results found'. At the bottom right, there is a vertical list of categories: Etiology, Diagnosis, Treatment, Prevention, and Prognosis, each with an upward-pointing arrow.

сорттировать по дате или релевантности

Используйте фильтры в левой панели для результатов поиска. Буква обозначает тип источника. (напр. J - Journals)

The screenshot shows the ClinicalKey search results interface. At the top, there are navigation elements including 'CLINICAL KEY', 'ELSEVIER', and a search bar. Below the search bar, there are tabs for 'Saved Searches', 'Reading List', and 'Presentation (2)'. The main content area displays search results for 'Asthma in adults'. The first result is a 'First Consult' (Fc) article titled 'Asthma in adults' by Dennis F. Saver, MD, et al., revised 15 Dec 2009. The second result is a 'Book' (B) titled 'Principles of Genetics in Allergy' from Middleton's Allergy: Principles and Practice, Seventh edition, Chapter 4, 59-72, © 2009. The third result is another 'Book' (B) titled 'Asthma and Allergic Diseases during Pregnancy' from Middleton's Allergy: Principles and Practice, Seventh edition, Chapter 81, 1423-1444, © 2009. The fourth result is a 'Medicine' (M) article titled 'The Toll-like receptor 5 ligand flagellin promotes...'. On the left side, there is a 'Specialty' and 'Content Type' filter menu. On the right side, there is a 'Reading List' and 'Presentation (2)' menu. At the bottom right, there is a table of contents with categories: Etiology, Diagnosis, Treatment, Prevention, and Prognosis. Annotations in orange boxes point to various features: 'распечатать или отправить коллеге ссылку по email' points to the print and email icons; 'сохранить результаты' points to the 'Saved Searches' tab; 'Выделить результат' points to the 'Asthma in adults' result; 'загрузить быстрый просмотр' points to the 'Asthma in adults' result; 'отложить в свой личный читальный зал. Нажать +' points to the '+' icon in the 'Reading List' tab.

Chapter 52 Pathology of Asthma Compared with Chronic Obstru

SUMMARY OF IMPORTANT CONCEPTS

- >>Asthma and COPD are both complex, heterogeneous conditions in which chronic inflammation likely contribute to airflow limitation (i.e., obstruction).
- >>Studies of inflammatory cells in airway inflammation have identified similarities between asthma and COPD in individuals.
- >>The predominant and differing patterns of inflammation characteristic of either mild or severe asthma become more similar when there is an exacerbation.
- >>In asthma, both inflammation and remodeling can begin early, between the ages of 3 and 6 years.
- >>Understanding the fundamental microanatomic differences between these two broad categories of disease may help to identify subtypes and the design of more specific, incisive therapies than those currently available.

CLINICAL KEY | Pathology of Asthma Compared with Chronic Obstructive Pulmonary Disease

Image Description Citation

(A) Transmission electron micrograph (TEM) showing stratified squamous epithelium in bronchial biopsy from a patient with mild atopic asthma. Arrows indicate position of the basal lamina (scale, 5µm). (B) TEM from symptomatic patient showing aggregation of platelets (P) together with a fibrillary material, probably fibrin (arrows), at areas of epithelial denudation (scale, 2µm).

7. Личный кабинет и смена пароля

The screenshot shows the top navigation bar of the ClinicalKey website. The menu includes 'Journals', 'Books', 'Practice Guidelines', 'Patient Education', 'Drugs', 'Multimedia', and 'CME'. The 'My ClinicalKey' dropdown menu is open, showing options: 'Saved Searches', 'Reading List', 'Presentation Maker', and 'My Account'. The search bar contains the text 'Extrinsic asthma' and the 'All Content' filter is selected. The page number 'Page 1 of 42' is visible at the bottom of the search results area.

1. Нажмите MyClinicalKey
2. Выберите My Account

The screenshot shows the 'My Settings' page. It has a title 'My Settings' and a close button in the top right corner. Below the title, there are two links: '[Modify personal details & preferences](#)' and '[Change Password you use to login.](#)'. The text below the first link reads 'Change or add information to your personal details entered during registration.' The text below the second link reads 'Change the password you use to login.'
